

Lesson 17
Multiplication Patterns

64 out of 100 Facts are pretty easy.

Zero x anything = 0
1 x any # = any #
2 x any # = double any #
5 x any # = last digit is 0 or 5

6 if went on a date and came back as 48.

9 x Any # = Take one from any # and then make sure your answer adds up to 9.

8 x Any # = EVEN #

7 x 8 = 56 you have to pass 5th & 6th grade to go to 7th grade.

Ex. 1) 3×4  XXX OR  XXXX
(12)

Ex. 2) 4×6  XXXXX
(24)
